Git hub: <https://github.com/SanaTabassum25>

Motivated B.Tech Computer Science undergraduate with a strong focus on web development and a genuine enthusiasm for honing skills. A tenacious and determined professional, dedicated to delivering exceptional work. Demonstrates unwavering commitment, adaptability, and a resilient mindset in pursuing goals and overcoming obstacles. Also, have Hands-on experience in creating several projects like Password Generator, E-commerce Website, Age Calculator, Blog posts, and Expense tracker.

## Projects

### Personal Portfolio Website

- Engineered a professional-grade personal portfolio website utilizing HTML, CSS, and JS, exemplifying a seamless fusion of design and functionality.
- Skill fully presented a visually appealing display of abilities and projects, delivering an immersive and captivating user interface.
- WEBSITE URL: <https://sanatabassum25.github.io/portfolio/>

### Landing page

- Designed and developed a dynamic landing page using HTML, CSS, and JS, incorporating image and brand sliders with smooth transitions.
- Integrated sliding videos to enhance user engagement, ensuring a seamless and intuitive browsing experience.
- WEBSITE URL : <https://sanatabassum25.github.io/Landing-page/>

### Spotify Clone

- I have successfully designed and developed a professional Spotify clone website using front-end technologies. The final product showcases an appealing user interface, robust functionality, and optimal performance.
- GITHUB :<https://sanatabassum25.github.io/Spotify/>

### Scientific Calculator

- Engineered a robust scientific calculator leveraging JavaScript, enabling precise and efficient execution of complex logical and logarithmic calculations.
- WEBSITE URL: <https://sanatabassum25.github.io/Scientific-Calculator/>

### E-commerce Website

- I have meticulously crafted a comprehensive e-commerce website, incorporating a variety of sections and ensuring a seamless, responsive design using HTML, CSS, and JavaScript.
- WEBSITE URL: <https://sanatabassum25.github.io/E-commerce-sample-website/>

### Expense tracker

- Developed a JavaScript expense tracker that effectively monitors user-inputted expenses and income.
- WEBSITE URL: <https://sanatabassum25.github.io/Expense-tracker/>

## Education

### B.Tech in Computer Science Engineer

CGPA: 8.2/10

CMR Institute of Technology at Medchal, Hyderabad  
December 2020 - Present

### CPM in Intermediate

Marks Obtained: 978/100

Narayana Junior College at Hyderabad  
August 2018 - May 2020

### Matriculation in SSC

CGPA: 9.7/10

Trinity High School at Mancherla  
August 2017 - July 2018

## Key Skills

HTML

CSS

JAVA SCRIPT

BOOTSTRAP

Mongo DB

Node
